NEWSLETTER NUUSBRIEF

We are so privileged to have been part of **Jayden's** phenomenal progress since he started with us as a tiny baby here at Wikkellwurms. He can now speak quite clearly and has eventually started walking. **We are so proud of him!**

Ons is so bevoorreg om deel van **Jayden** se fenomenale vordering te wees. Hy het by Wikkellwurms aangesluit toe hy nog 'n klein baba was en nou kan hy heel duidelik praat en het selfs begin loop. **Ons is so trots op hom!**

## Funny - Snaaks

Tannie Siya's children were busy with a collage of a ball using the basic colours of red, blue, yellow and green. When Someleze Mbekwa came to show Tannie Sharon's children what he had done, Kiyouné Fish decided he was Tannie Sharon and asked Someleze: "What colour is this?" every time he pointed to a different colour. He was just checking, like Tannie Sharon, that Someleze had listened in class and could recall the colours he had learnt.

Tannie Siya se klas was besig om die basiese kleure, soos rooi, blou, geel en groen te leer met 'n collage aktiwiteit. Toe Someleze Mbekwa vir Tannie Sharon se klas kom wys het wat hy gedoen het, het Kiyouné Fish besluit om Tannie Sharon te wees en vir Someleze gevra: "Watse kleur is dit?" en dan wys hy elke keer na 'n ander kleur. Hy wil net seker maak, soos Tannie Sharon, dat Someleze in die klas geluister het en sy kleure kan onthou soos hy geleer is.
