Bethesda is nothing without its dedicated staff....

As we all know this time of the year everyone is a little burnt out and tired... At Bethesda we deliver an excellent service to our clients on a daily basis. However, we so often forget about the people behind this great service – **THE STAFF** – We held two events this year for the dedicated staff, one a Team Building day and the other, thanks to a project by **OLD MUTUAL**, a WELLNESS DAY for all the staff.

The best way to improve your Organization is to improve the well-being of your employees.

The best way to make your employees go the extra mile is to appreciate them.

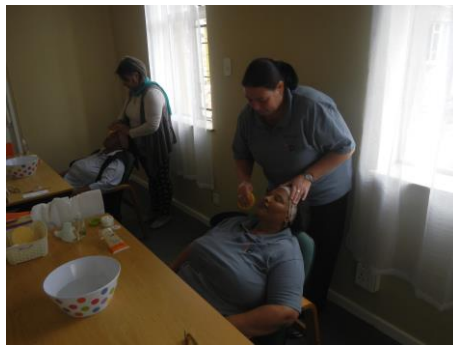

When employees are happy, they are your very best ambassadors.

“A trophy isn’t about the hardware, the gold-painted statue mounted on marble, it’s about the recognition of excellence. A trophy is a physical representation of the abstract concepts of hard work and dedication. And that’s precisely why I don’t have any trophies.”

“Believe that your hard work, dedication and persistence will pay off; improve through continual learning and believe in your future.”

Encourage and reward your employees. Without them, you can do nothing. They help you accomplish your goals.
