### Some TIPS to promote independence of 2-5 year olds:

- ⇒ Expect more from your child, not less. Raise the bar.
- ⇒ Resist doing for her/him what she/he can do for herself/himself.
- ⇒ Don't redo what they have done.
- ⇒ Let them solve simple problems.
- ⇒ Assign a task to the child.

### 'n Paar WENKE om selfstandigheid van kinders ouderdom 2-5 jaar te bevorder:

- ⇒ Verwag meer van jou kind, nie minder nie.
- ⇒ Moenie dinge vir hom/haar doen wat hy/sy hul self kan doen nie.
- ⇒ Moenie iets oor doen wat hulle gedoen het nie.
- ⇒ Laat hulle eenvoudige probleme self oplos.
- ⇒ Gee vir hulle take om te doen.
